

The list of Insurance companies listed below have a history of reimbursing because Admera was able to submit a claim. If you do NOT see a particular Insurance Company on the list below, this means Admera has not yet been able to submit a claim and therefore will not know if they will reimburse or not until a claim is submitted.

Please Note: A Prior Authorization is always recommended (although not required) to submit before a test is performed to help identify if a payor will reimburse or not.

DISCLAIMER: This Payor List is intended only as a guide to help in understanding which payors may reimburse for PGx testing. The payor list is compiled from the historical experience of the lab. It does not imply an assurance or guarantee of reimbursement. Insurance companies and other payors often change their reimbursement policies.
